Event Specifications

Heats

Heats will be swum in the morning sessions.

Finals

Both A & B finals will be swum for all 50m, 100m, 200m and 400m events.

Final	Swimmers
A Final	8 fastest
B Final	9 – 16 fastest (held if 20 swims in heats)

The open championship placings will be determined from the A final. B finals will not score points at this championship. **Please note that the B Finals will be swum prior to the A Finals.** All A and B final swimmers will be marshalled at the same time.

Timed Finals

The 800m and 1500m Freestyle for both males and females will be swum as timed finals with only the fastest timed final swum in the final's session of that day.

Para Athletes

These championships are open to Para swimmers who have a classification of some form – provisional, national or international.

This includes those swimming in the new S15, S18, and S19 classifications. These new classes align with an alternative global pathway (i.e. outside of World Para Swimming) for those with the relevant impairment or diagnosis and enables swimmers to enter events they would be eligible for at international level – ie: 800m Freestyle for intellectual impairments.

These alternative pathway classifications are:

- S15 – hearing impairment of at least 40dB (decibel) or greater in their better ear.
- S18 – Down Syndrome or intellectual impairment (S14) combined with a physical impairment.
- S19 – Autism diagnosis.

These classifications will earn points for their clubs and go towards the Top Club trophy. S18 and S19 are based on international classifications aligned to the Virtus pathway (along with S14/II1, however the classes internationally are known as II1/II2/II3).

S15 has an international pathway via the International Committee of Sports for the Deaf. All the new classifications are recognised in Swimming Australia events.

Para swimmers may meet the qualification times in either a short course or long course pool. However, no converted times are allowed – i.e. so long as the time is met the swimmer can enter that event.

Heats and finals will take place for all events, except the 200m strokes and 800m/1500m Freestyle for intellectual impairments which will be raced as timed finals during the heats sessions with swimmers to race amongst the able-body heats.

The format for Multi-Class Finals will be determined by the swimmers who achieve the eight highest points from the heats swims, based on the World Para Swimming points system and equivalent for the alternative pathway classifications using the event software. To confirm, this means that swimmers of all classifications (S1-S19) will be vying for the top eight points totals to make the Multi-Class Final.

Medals will be distributed based on the World Para Swimming points system (similar to the percentage of the world record calculation) and equivalent for the alternative pathway classifications using the event software of which results are final. To confirm, this means that one set of medals will be presented for each respective Multi-Class final.

Swimming NZ is wanting to grow Para swimmer's involvement in relays. The introduction of relays (listed below) will be exhibition swims, so no club points or medals will be awarded.

- 4 x 100m Freestyle Relay – MC (the following options swum together)
 - o S14 Men
 - o 34 Point Women
 - o 34 Point Men
- 4 x 100m Medley Relay – MC (the following options swum together)
 - o S14 Men
 - o S14 Mixed
 - o 34 Point Mixed

Please note with these relays being exhibition swims, you can be part of a relay team without swimming an individual event. If you would like to swim in a relay, please contact Cameron at cameron@swimming.org.nz.

A full list of eligible relays can be found within the Para swimming NZ records.

Relays

There will be the following relays in this year's schedule:

- 4 x 200 Free (male & female)
- 4 x 100 Mixed Medley
- 4 x 100 Mixed Freestyle
- 4 x 100 Free (male & female)
- 4 x 100 Medley (male & female)

Relays will be timed-finals with all timed-finals being swum at the end of the final's session. Relay events can be entered by a national selection team (for selection purposes – including Para swimming teams), a club team or a Para/regional/zonal team. Priority of selection to teams will be in that order. Medals will be awarded to the top 3 clubs.

Any regional relay teams will be swum as exhibition swims only and will not be eligible for points or medals.

Psych Sheets

Psych Sheets will be posted on the event webpage as soon as possible after entries close.

Any corrections and changes to psych sheets are to be sent to entries@swimming.org.nz within 24 hours of the psych sheets being posted.

Any changes made after the final psych sheets are published will not be updated, but will be completed and updated on the SNZ event file and will be visible on the live timing site.

Online Program

All session programs will be published online via the [LiveTiming](#) website. Session one will be posted after the team managers meeting and all other sessions will be posted at the end of the previous session.
